THE SENATE SESSION

This Week Likely To Be Devoted Wholly to Nominations.

PEACE TREATY MAY BE REPORTED

Not Expected That President McKinley Will Be Able to Send in a Batch of Appointments Every Day—Senate May Take a Holiday To-morrow.

Washington, March 8.—The senate will not meet continuous during the week. The special session between now and the calling of the session of congress, on the 15th inst., will be devoted to the consideration of nominations and nothing else, unless the general treaty of arbitration between the United States and Great Britain should be reported from the committee on foreign relations. It is not expected that President McKinley has his appointments so well in hand that he will be able to send in a batch every day. The cabinet has been confirmed, and it is probable that the senate after the meeting this afternoon will adjourn until Wednesday. The committee on foreign relations will meet Wednesday. Senator Davis, the ranking member, by resolution of the senate, has been made acting chairman, and there is no reason why this committee should not go ahead with the general treaty of arbitration between the United States and Great Britain and the Alaskan boundary treaty, the only business before it. If the committee is able to agree Wednesday upon the treaty and the amendments, if any are considered to be necessary, the treaty will probably be reported and some of the time of the senate consumed in the discussion of that convention. The retirement of Senators Sherman and Cameron leaves the committee just as it stood in the last congress, these senators being opposed to each other on the vote on reporting the treaty.

KENTUCKY SENATORSHIP.

Ex-Chief Justice Holt Gaining Ground in His Candidacy.

Washington, March 8.—Maj. A. T. Wood, the Kentucky senatorial appointee, is now in Washington and will report to the senate this afternoon. He will probably remain on the ground whether he is seated or not. Though he has never been considered a senatorial candidate, Major Wood has decided to place his claims before the Kentucky general assembly. Ex-Chief Justice Holt is gaining ground in his candidacy. Representative Carroll of Louisville is his son-in-law. Mr. Carroll is a gold standard democrat and is credited with having the promises of the gold standard democrats that they will vote for Holt when it becomes clear that a gold democrat cannot be elected, which is already evident. The gold democrats last year held the key to the election.

The Queen's Jubilee.

London, March 8.—The forecasts of the queen's jubilee progress through London, which are appearing in the press, are ventures on probabilities. Some features of the royal progress may be accurately foretold. The eight cream colored horses, never seen unless at the grandest ceremonials, will draw the queen's carriage. The procession from Buckingham palace to St. Paul's, will include most of the personages and notables of the jubilee procession, and will be on a vast scale. Every county and provincial town will send representatives, and the number of regular and volunteer troops will far exceed any total hitherto massed in London.

English Bimetallists Pleased.

London, March 8.—Mr. Menie, secretary of the Bimetallist league, has informed a reporter that British bimetallists are greatly pleased with President McKinley's reference, in his inaugural address, to the question of international bimetallism and his statement that it would be his constant endeavor to secure it by co-operation with the other great commercial powers of the world. The British bimetallists will do all they can to induce the government to co-operate with him.

Death of Rev. E. Cobham Brewer.

London, March 8.—Rev. E. Cobham Brewer, LL.D., is dead from apoplexy at Edwinstone. Dr. Brewer was born in London in 1810. He won high honors at Trinity college, Cambridge, and was ordained a deacon in 1834, a priest in 1836 and proceeded to the degree of LL.D. in 1840. In 1850 was published his "Guide to Science."

Sullivan's Alleged Challenge.

Carson, Nev., March 8.—The only item of news which keeps the sports in Carson alive is John L. Sullivan's challenge to the winner of the Corbett-Fitzsimmons fight. Sullivan's alleged challenge is not taken seriously by either of the champions. They both laugh it off as a jest.

Furnace Resumes at Newport, Pa.

Newport, Pa., March 8.—After an idle of more than a year the fires in Marshall Brothers' furnace are lighted to-day. Fifty men are at work and enough orders are booked to keep the furnace running for a year.

NAVAL BILL PRICE TOO LOW. Not Believed Uncle Sam Can Secure Armor Plate at Less Than \$400 Per Ton.

Washington, March 8.—The armor question will be the first subject taken under consideration by the new secretary of the navy, who expects this week to ask for bids in order to determine promptly whether or not the manufacturers will agree to furnish the plates at the price fixed in the naval bill. There are nearly 9,000 tons required for the battleships now building, representing, at \$400 a ton, \$3,600,000. There is not the slightest chance that either the Bethlehem or Carnegie companies will bid on the armor or agree to deliver a single ton for less than \$400 per ton. The head of the naval ordnance bureau says that the call for bids will be merely perfunctory and that it is quite certain that no firm in the country can undertake to furnish the quality of armor required for the price fixed in the bill. If the Illinois Steel company, which is said to have no plant capable of manufacturing armor, should enter the list of bidders, it is asserted at the navy department that the government could not award a contract to it, no matter what price it might present, and that it will not be the policy of the government to encourage it to establish a plant. The purpose of asking bids at an early date is in order to lay the entire armor plate question before the extra session of congress. It is known at the navy department that no armor will be manufactured at the price fixed in the naval bill, and that until congress authorizes the secretary to raise the price to \$400 a ton it will not be possible for the navy department to purchase any plates required for the new ships. If the extra session fails to amend the present bill all work on the Illinois, Alabama and Wisconsin will have to be stopped within six months from date.

The Cramps Not To Enter the Field.

Philadelphia, March 8.—Edwin S. Cramp, superintending engineer of the Cramp Shipbuilding company, declares that there is no truth in the report that the firm intends to make a bid below \$300 a ton for armor plate for the battleships Alabama, Illinois and Wisconsin, provided the government agrees to a twenty-year contract. They had all they could do, he said, building ships without going to the expense of erecting an armor plate plant. Neither was there any truth, he declared, in the story that his firm would prepare a new kind of armor for ships, a wall of cellulose backed by a thin sheet of steel.

The War in Cuba.

Havana, March 8.—The forces of Gen. Aldave have had several encounters with rebels near Guiro and other places in the province of Santa Clara. The government reports, as usual, state that the insurgents were defeated and dispersed. The losses of the rebels are said to have been heavy, though only four of their dead were found. The troops lost a captain and a private killed, and a captain, a lieutenant and twenty-five privates wounded. While in pursuit of the rebels the troops destroyed a number of plantations and prefectures and the house of the insurgen leader Alman.

Death at the Age of 155 Years.

City of Mexico, March 8.—A man who, if his story was true, was undoubtedly the oldest person on earth Jesus Jimenez, was buried at Guadalajara Saturday. According to his affirmation and other testimony, he was 157 years old. He said he was born in Spain in 1712 and came to this country when he was 14 years old. He has copies of the church register at Valladolid, Spain, showing the date of his birth and baptism. The papers are genuine and they are undoubtedly belonged to him.

Little Girl Burned to Death.

Port Norris, N. J., March 8.—The residence of Elihu Reed was completely destroyed by fire Saturday night and his four-year-old daughter, Bertha, was burned to death. Mr. Reed and one other of his children were seriously burned. Mrs. Reed is prostrated by the catastrophe and is in a serious condition. The fire was caused by an overturned lamp.

Two Men Burned to Death.

Peterboro, N. H., March 8.—A frame dwelling, two stories high, on North street, East Jaffrey, was entirely destroyed by fire early Sunday morning. Charles L. Knowlton, aged 43 years, and Crosby Lakin, aged 35 years, were burned to death. Lakin leaves a wife who is at the insane asylum.

Warren Noah Herrick Dead.

Mount Vernon, N. Y., March 8.—Warren Noah Herrick, formerly a well known and wealthy merchant of St. Joseph, Mo., is dead at his home here. Mr. Herrick was born at Minton, Vt., in 1821, and was a great grandson of Henry Herrick, son of Sir William Herrick of Leicestershire, England.

Death of Mrs. Belle Stevens.

Mount Vernon, N. Y., March 8.—Belle Stevens, aged 63, wife of Capt. J. P. Stevens, formerly a well known shipmaster of Bangor, Me., is dead at her home in this city. Her husband, one son and a daughter, who is the wife of Col. John E. Bryant, late United States marshall of Georgia, survive her.

GREECE IS PLUCKY

Her Reply to the Powers Is Practically a Refusal.

EVACUATION OF CRETE IMPOSSIBLE

The Unsettled State of the Island Proves of the Futility of the Measures of Reform—With Regard to Autonomy, It Is for Cretans to Decide.

London, March 8.—A dispatch to the Central News from Athens gives the following summary of the reply to the ultimatum of the powers which Greece will hand to the diplomats to-day, when the time expires in which a reply can be made: It will recall that Greece in 1896, in deference to the wishes of the powers, used her influence with the Cretans to induce them to accept reforms offered by Turkey. It will point out that the continued unsettled state of the island is proof of the futility of the measures of reform. With regard to the autonomy of the island the reply will state that it is for the Cretans to decide whether they will accept or not. It will declare that the evacuation of Crete by Greece is impossible, because peace, to restore which Greek troops and warships were sent to the island, remains seriously disturbed.

Turkey Accepts the Terms of the Powers.

Constantinople, March 8.—The diplomats here have received the answer of the porte to the collective note presented on Tuesday last setting forth the desires of the powers regarding the granting of autonomy to Crete under the suzerainty of Turkey. The porte assents to the terms of the powers, and says it hopes that there will be a definite understanding between itself and the powers respecting the details of the autonomy to be granted. This reply bears out the statement of the United Associated Presses that the sultan is rather glad than otherwise to have the long-disputed Cretan question settled, even though he practically loses the island.

Crete Agitation in London.

London, March 8.—A large radical meeting was held in Hyde-park yesterday to give voice to the feeling in favor of Greece which generally obtains among the masses of England. Among the speakers were Joseph Havelock Wilson, M. P. for Middlesborough, and Edward J. Morton, M. P. for Davenport. Resolutions were adopted, amid much enthusiasm, expressing sympathy with the Cretan Christians in their struggle for freedom, congratulating Greece upon her firm resolve to protect the Cretans, and protesting against the coercion of Greece by the powers. One of the resolutions urges Lord Salisbury to refuse to disgrace the British flag by lending it to support the Turks.

Bloody Struggle Inevitable.

Carcea, March 8.—It is stated here that the reply of Greece to the demands of the powers will be a positive refusal to obey, and that a bloody struggle is therefore inevitable unless the powers recede from their position. It is known that Col. Vassos, the commander of the Greek army of occupation, has received instructions from King George to hold all the positions in the island now occupied by the Greek troops, and to prepare to resist to the bitter end any attempt on the part of anybody to dislodge him.

Charged with Murder After 28 Years.

New Bloomfield, Pa., March 8.—Twenty-eight years ago Melinda Snyder, a girl then 18 years old, disappeared from her home in Liberty Valley, this county, and no trace of her was ever found. Now Hugh Smith, a man 73 years old, residing in the same valley, is under arrest, charged with killing the girl and burning her body, after cutting it up into small pieces. A dispute between Smith and another person brought the crime to light. Further arrests are expected.

A Family Wiped Out by Measles.

Tolna, Ill., March 8.—The Palmer family has been exterminated by measles. William was taken sick with measles and died in less than a week. He was buried Friday, Feb. 27. The other three brothers were stricken down with the measles a few days later. Edward died Friday morning. Thomas died Friday night, and Silas, the youngest, died yesterday.

College Athletes.

Ann Arbor, Mich., March 8.—The baseball management makes the announcement that athletic relations between Cornell and Michigan university have been resumed. Baseball Manager Atkinson has arranged for two games with the Cornell team for this spring. The first game will be played in Ithaca, N. Y., on May 22 and the second in Ann Arbor on June 12.

House Democratic Caucus.

Washington, March 8.—S. M. Robert son, secretary of the democratic caucus, has issued a call for a caucus of the democratic members of the house of representatives of the 55th congress, to meet in the hall of the house of representatives in the afternoon of Saturday, March 13.

ALL ATTEND CHURCH

The President, Vice-President and Cabinet Spend a Quiet Sunday.

MRS. MCKINLEY TOO ILL TO GO OUT

A Great Crowd Gathered at the Church Cheer the President and His Venerable Mother as They Enter Their Carriage.

Washington, March 8.—President McKinley's first Sunday in the White House was a quiet one. No callers were received and the president had an opportunity of resting from the fatigues of the week. He arose later than usual much refreshed from a hard day's work on Saturday. At 10 o'clock he prepared for church, and, accompanied by his mother, attended services at the Metropolitan Methodist Episcopal church, corner of Four and a Half and C streets, N. W., where President Grant was accustomed to attend. As the president's intention had been announced the crowd was very large, and the president and his venerable mother had considerable trouble in reaching the church vestibule. The president was shown to what is called the presidential pew. The other occupants were his mother, his brother, Abner McKinley, and Private Secretary and Mrs. Porter. The Rev. Dr. Johnston, pastor, formerly of Canada, opened the services by prayer, and the Right Rev. Bishop Newman, of Omaha, Neb., formerly of this church when Grant was president, preached the sermon. The sacred edifice was crowded. The aisles were all filled and many could not gain admittance. Bishop Newman took for his text: "I have not come to call the righteous, but sinners to repentance." From this text he preached an eloquent discourse. Good laws, good government, knowledge and philanthropy, the pastor said, were all good, but would not be sufficient. "Seek first the kingdom of heaven" is the first and last principle of political economy. When the distinguished party left the church by the C street entrance, the crowd was so great that the police had to clear the way. As President McKinley passed with his mother on his arm the crowd cheered and the president doffed his hat several times. Entering the carriage the party drove at once to the White House. Mrs. McKinley, the president's wife, was so fatigued that she could not attend church with her husband. After returning to the executive mansion, the president remained within doors until afternoon, when he took a short walk with a friend, returning from which he spent the remainder of the day with the members of his family. Vice-President Hobart and wife attended service at the Church of the Covenant, the Rev. Dr. Hamlin preaching the sermon; Secretary of War Alger, wife and daughter at the New York Avenue Presbyterian church, the Rev. Dr. Radcliffe delivering the discourse; Secretary Long and daughter at All Souls church, the Rev. Dr. Leavitt preaching the sermon, and Secretary McKenna attended St. Matthew's Catholic church, at which Father Lee preached.

NEW YORK LEGISLATURE.

This Promises To Be a Busy Week—Some of the Work.

Death Warrant Read to Gentry.

Philadelphia, March 8.—Sheriff Grow Saturday afternoon read the death warrant to James B. Gentry in the county prison, where the actor has been since his conviction of the murder of Margaret Drysdale (Madge Yorke), the actress. Gentry was much overcome and spoke no word before or after the reading of the warrant. Gentry is to be put to death this week.

Death Warrant Read to Gentry.

San Francisco, March 8.—After a series of legal complications and delays Arthur Mayhew, the negro who has been confined over nine months in Sing Sing prison, will be put to death this week. The day has not yet been determined upon by Warden Sage, but it will in all probability be Wednesday.

Mayhew, on March 7, 1896, fatally assaulted and robbed Stephen Powell, a merchant of Hempstead, L. I.

Death Warrant Read to Gentry.

Baltimore, March 8.—The sale of seats for the Fitzsimmons-Corbett fight began in this city at noon Saturday. As soon as the sale opened Billy Williams, of Charles L. Asher of the Baldwin hotel, purchased \$1,500 worth of \$40 tickets. During the afternoon nearly 200 tickets were sold. About half were for \$40-seats.

An Italian Bark's Slow Voyage.

Baltimore, March 8.—The Italian bark Anita S., which left Paysandu, Uruguay, for Baltimore on August 15, 1896, is at last safe in port, after one of the slowest trips on record. The vessel was given up as lost weeks ago. She was not heard from at all in months, but was spoken seven times within the last forty-five days.

The Catholic Church and McKinley.

Rome, March 8.—It is reported in papal circles that Archbishop Ireland is using his influence with President McKinley to induce him to appoint ambassadors to Italy and France who will be more favorable to Romanism than those who have held those posts.

Fought a Duel with Axes.

Popok, Ku., March 8.—Thomas Wilson and Andy Hill, farmers residing near this city, quarreled. They agreed to settle their differences by fighting a duel with axes. At the first blow Wilson split Hill's head open, killing him instantly. Wilson is in jail.

May Die of Hiccoughs.

Glen Cove, L. I., March 8.—William Bond of Cedar Swamp is suffering from hiccoughs, which began about two weeks ago. They were checked for a while by a physician, but broke out again in a short time, and he is now very weak. It is feared that recovery is impossible.

Engaged to Senator Hanna's Daughter.

Berlin, March 8.—The engagement is announced here of Thomas B. Beery and Miss Isabel Hanna, the daughter of Senator Mark Hanna.

The prospective bridegroom is a member of the firm of Leggett & Beery bridge builders, of this city.

Convicted Murderer Dies in Jail.

Wilkesbarre, Pa., March 8.—Nelson Miller, colored, convicted of murder and awaiting sentence, died in the Luzerne county jail last evening of consumption. Miller was the second murderer to die in jail within a year.

Weyler To Go to Santa Clara.

Havana, March 8.—La Lucha announces that Capt. Gen. Weyler will soon return to the province of Santa Clara and personally assume command of the military operations there.

No Present for Mr. Bayard.

London, March 8.—Ambassador Bayard denies the report that he has received a present from the queen. It was said that the gift was made while Mr. Bayard was at Windsor.

HELLENES ORDERED HOME.

The Call To Arms Read in the Greek Church in New York.

New York, March 8.—The Greek church in this city was the centre of interest yesterday to all the Hellenes in this city. It was known that the call to arms addressed to Greeks here would be read at the service. The dispatch was received from Athens Saturday by Demetrios N. Botassi, the consul general here. There is no minister from Greece to this country, and Mr. Botassi, being senior consul, acts in such cases. There was a large crowd in the church. During the service the priest read the message of Alexandre G. Skoules, minister of foreign affairs, as follows: "Reserves belonging to classes of 1866, 1867, 1868, 1869, 1870, 1871, 1872 and 1873 are called to their standards. The only ones exempted from military service are those belonging to the auxiliary corps, and they are exempted in virtue of the law. Notify all the Hellenes within your jurisdiction to present themselves soon as possible, and please communicate contents of this dispatch to all Greek consular authorities in the United States. Recommend them to induce the reserves to return to Greece." Mr. Botassi has issued a

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is every where esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the system on which it acts. It is therefore important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives of other remedies are then not needed. If afflicted with any actual disease, one may be recommended to the most skillful physicians, but if in need of a laxative one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

THE FORTUNES OF SILVER MINING

Rich Mineral Deposits Found in a Mine Near Leadville Abandoned by D. H. Moffat—Near a "Diamond Joe" Reynolds Abandoned Mine.

A most remarkable mineral find made a few weeks ago in an abandoned mine near Leadville Col., possesses some local interest from the fact that the man who abandoned the mine, David H. Moffat, President of the First National Bank of Denver is a native of this country, having been born at Washingtonville.

Mr. Moffat leased the mine, which he called the Nil Desperandum, ten years ago, sunk a shaft over 600 feet in depth at a cost of \$60,000 and then gave up and turned the mine over to its owners. In August last the owners began work in the mine and after sinking it seventy-five feet deeper and running a lateral tunnel 130 feet, they struck a mass of hard carbonate, which has averaged from 500 to 4,200 ounces of silver to the ton, besides a trace of gold and a large percentage of lead.

The strike is important, as it marks the turning point in the progress of the camp, and may be the means of opening up another territory as rich as the discoveries in the early days of 1878 and 1879. In the immediate vicinity of the Nil Desperandum are such long abandoned properties as the placer, Rox, Robert Emmet, Ontario, A. Y. and Minnie, and the Crown Point and Pinnacle, out of which "Diamond Joe" Reynolds, of Sullivan county made his millions. Work will be resumed in several of these, and new companies will of course begin further prospecting.

Prudential Insurance Agents Dine.

The agents of the Prudential Insurance Company in the Newburgh district dined at the Palatine Hotel, Newburgh, Friday. Among those present were the following from the Middletown office: S. Gardiner, J. McGill, H. Van Houten, M. Denany, G. B. Beyon, G. K. Scott, F. A. Green, W. C. Holly, M. A. Hawes, Dr. Conover, medical examiner. Also the following from the Gothen office: S. A. Decker, C. E. Jeckl, W. Longwell, D. P. Decker, W. H. Talcott.

A COUNTERFEITER CAUGHT.

The Police of Syracuse Make an Important Capture.

On Monday, Feb. 15, Haroli Marquis, of Utica, N. Y., was arrested in Syracuse, N. Y., on a warrant sworn out by the Dr. Williams' Medicine Co., charging him with forgery. On the 15th of December Marquis visited a photo-engraver in Syracuse, saying he was the representative of the Dr. Williams' Medicine Co., and arranged for the making of a full set of plates for the direction sheets, labels, etc., of the famous Dr. Williams' Pink Pills for pale people. News of this reached the home office, and no time was lost in arranging for his arrest when he should return for the plates. He returned on the 15th and was accordingly arrested and is now in jail in Syracuse awaiting examination, which occurs on March 2d.

This arrest proves to be an important one. In addition to various plunder, such as medical books, typewriters, rugs, etc., found in Marquis' trunk when arrested, the police also found counterfeiting equipment in both in the trunk and on his person, and in search of his apartments at Utica found a complete outfit for counterfeiting consisting of crucibles, bellows, ticked, lead, bis-muth, antimony, a small blacksmith forge, a charcoal furnace, and several plaster-of-paris molds. The United States marshals want him, and, no doubt, he will be sentenced for a long period.

In selecting Dr. Williams' Pink Pills for his counterfeiting operations, he showed his knowledge of the proprietary medicine business, for these pills are in such great demand that they are easily sold at any drug store in the United States. His scheme was to work the country druggist and sell his imitations at a discount of from 2 to 5 per cent, explaining the reduced price by the fact that he had piled them up in small lots and at a discount from dealers who were overstocked. By working fast and making long jumps, he would have secured many hundreds of dollars in a short time. The proprietors of Dr. Williams' Pink Pills are most fortunate to have caught the rogue before he had fully started, and to have thus kept these spurious goods out of the market.

Fossil Pills.

The demand is proof of their worth. Dr. Agnew's Liver Pills are beating out many fossil formulas at a quarter a box. They're better medicine. Easier doses and 10 cents a vial. A thousand ailments may arise from a disordered liver. Keep the liver right and you'll never have Sick Headache, Biliousness, Nausea, Constipation and Sallow Skin. Sold by James T. King and McMonagle & Rog.

Everybody Says So.

Cascaro's Candy Cathartics, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispels constipation, headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

If you have ever seen a child in the agony of croup, you can appreciate the gratitude of the mothers who know that One Minute Cough Cure relieves their little ones as quickly as it is administered. Many homes in this city are never without it. W. D. Olney.

It is surprising what a "wee bit of a thing" can accomplish. Sick headache, constipation, dyspepsia, sour stomach, dizziness, are quickly banished by DeWitt's Little Early Risers. Small pill best. W. D. Olney.

WEARING FALSE GEMS.

SHAMS Now Freely Tolerated in Society.

How much is real and how much is sham in the resplendent display of presumably precious stones at the opera or other smart functions is impossible to tell nowadays, for my lady mixes the two together with a calm audacity that is a development of late years, the old theory that a lady must wear nothing that is not real being apparently quite out of date. The modern adaptation of this social rule is that if a woman has a certain amount of fine jewelry she may wear as many false ones in addition as she can without making the fact conspicuous. It is only in those who have no real ones that the display of false gems is vulgar.

A fashionable woman in town, whose position is unquestionable, wears several strings of pearls, one of which is real and the rest sham, and hardly knows herself which is the genuine. Another woman, who owns a couple of diamond stars, has presented herself with several others—the best "brilliants," whose glittering radiance is quite undimmed by their juxtaposition with the real stones. At a birthday dinner recently the heroine of the occasion wore a ruby surrounded by pearls as a brooch. This was greatly admired. Taking it from the lace which it fastened, she passed it to one of her friends. The jewel was broken from one to another until it had made the circuit of the table. All the guests were people of culture, familiar with gems, and some of them were connoisseurs. After the stone had been unanimously praised the owner fastened it in its place again, saying quietly: "I think it is pretty. I bought it yesterday at B—'s for two dollars."

It has long been conceded that a string of Roman pearls may be worn by a young girl without laying her taste open to question. It is a new thing, however, for rich women to bring real gems and bogus ones together in such a way as to deceive the very elect and it seems a pity that the old standards of noblesse oblige, affecting the wearing of jewels and lace, should be lowered. It is claimed by those who wear false jewels that no deception is intended, the owner being quite willing to acknowledge her use of the imitations, but at all events the general public is deceived and it may be questioned whether my lady goes out of her way to conceal what she is wearing.

"I do not see the use of wearing real pearls," said a well-known society woman not long ago. "I have half a mind to sell in me and wear imitations. No one would ever know." Then she fully concluded to take this course and did take it. Hence she rejoices in the income of \$20,000 in bonds, wears pearls still and even her intimate friends do not suspect the exchange.—N. Y. Ledger.

BLIZZARD IN THE NORTHWEST.

In Some Places the Snow Is Far Over the Tops of Telegraph Poles.

St. Paul, Minn., March 8.—Reports this morning from 100 towns in the northwest indicate that another great snowstorm is raging, perhaps the greatest of the winter. A serious blockade is on in South Dakota. No trains have been moving to Watertown, Huron, Milbank and other points for the past forty-eight hours. The South Dakota legislature, which adjourned at Pierre, is unable to leave that place owing to the blockade. General Superintendent Harding of the Great Northern has just come in from North Dakota and says he never saw anything like the quantity of snow up there. He says that in the mountains in many places it was far over the tops of telegraph poles and so deep that the rotary plows could do little better than cut a tunnel rather than a swath.

Charged with Coercing His Employees.

Des Moines, Ia., March 8.—J. D. Stockton has been indicted by the grand jury on a charge of coercion of employees. He is manager of the Clifton Coal company, and the charge is that he compelled employees to buy at the company's store. Other mines in the vicinity are under the same suspicion. The state law makes the offense punishable by fine, imprisonment in jail or penitentiary, but very few cases have ever been carried to the point of conviction.

Elmira's Postmaster Dead.

Elmira, N. Y., March 8.—George H. Cotton, postmaster of Elmira, died at his home in this city last evening after a brief illness of two days with pneumonia. He was 37 years of age and unmarried.

Queen Victoria Will Receive Faure.

London, March 8.—It is said that the queen, on her way to the Riviera, will stop near Paris and receive President Faure.

There are more families in actual want in the Schuykill coal region than there have been in many years, if ever before. The advance in coal prices has evidently been anything but a help to the miners.

The returns from the town meetings and charter elections held in this State show very substantial Democratic gains and the most hopeful and encouraging feature of the situation is that there is everywhere a disposition to forget what-ever differences existed between Democrats, last fall.

New Jersey's Legislature has been in session eight weeks and in that time has passed but seventeen laws. There are 421 bills pending and but three weeks of the session remain. Many bills will, of course, be rushed through as the session nears an end, but the present legislature is expected to beat the record for inactivity.

The Supreme Court of the United States, to-day, decided that yachts are not subject to tariff duty. Yachts being a luxury that only the very rich can enjoy, it is very proper that they should come in free of duty. Tariffs should be levied on articles that the common people must buy. In this way only can they be made to realize that they are a factor in our government.

The McKinley Leaguers of New York city are determined that the President shall choose squarely in the matter of local patronage between them and the Platt machine. They will ask the President to prefer the candidates recommended by them to those endorsed by the regular organization but the smiling face with which Senator Platt came back from Washington, Saturday, is regarded by all as a more emphatic assurance than words that he has reached an understanding with the administration and that the claims of "organization" will not be ignored.

Senator Platt, acting for the legislature of the State of New York, considered, yesterday, at the Fifth Avenue Hotel in New York, the report that he would allow the Lexow Committee to make on trusts. It is said by those in a position to know that he decided that the only new legislation that he would permit would be a bill giving the Attorney General or a commissioner to be appointed by him power to investigate alleged trusts for the purpose of obtaining information on which to base actions against them. The Attorney General has persistently refused to exercise against the trusts the power which he has under existing statutes and the placing of additional power in his hands will not be such a menace to the existence of the trusts that any of them will go out of business.

CENSORS FOR NEWSPAPERS.

A BILL Providing for Censors of Newspapers in Counties of More Than 10,000 Population.

BY UNITED PRESS.

BUFFALO, March 8.—The *Inquirer* says Senator Lammy and Assemblyman Brown will introduce in their respective houses a bill to provide for the appointment of a censor for each newspaper in counties having a population of 10,000 or more.

Censors are to eliminate libelous matter or matter inimicable to the State or its officers.

Newspapers are to contribute half compensation to the censors. The penalty for violation is fine and imprisonment. It is said the Governor approves the bill.

BIG SENSATION SPOILED.

AMBITION REPORTERS INVESTIGATE THE
KILLING OF A BABE ON THE O. AND W.—
ONLY A RAG DOLL.

Some ambitious newspaper reporters who ought to have been at church, were sent on a wild goose chase yesterday, to investigate a report of the killing of a baby at the Montgomery street crossing of the O. and W. Their visit was expected and a good sized crowd was waiting to witness their disappointment.

The most ambitious of the "perfess" elbowed a passage through the crowd and was followed by some of the more modest reporters.

They had nervously themselves to witness a horrible sight—the body of an innocent babe crushed and mangled by the cruel car wheels. The wheels had done their work but the mangled remains were those of a rag doll whose saw dust "junnards" were strewn about the crossing.

There was an expression from the leader of the reporters that would not look well in print, and a general titter from the crowd and then the elbowing process began again. The reporters managed to get out of the crowd and lost no time in getting out of hearing of the jeers that came from the assembled people.

The ARGUS was not represented but some of its esteemed contemporaries had their whole force of reporters on the ground.

Can't

This is the complaint of thousands at this season.

They have no appetite; food does not relish. They need the toning up of the stomach and digestive organs, which a course of Bond's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and weariness and sustains the whole physique.

Bond's Sarsaparilla is prompt and efficient.

It cures the symptoms and cures the disease.

LECTURE TO ENGINEERS.

MERITS OF THE HOGAN BOILER DISCUSSED BEFORE CORLISS ASSOCIATION.

James N. Whitman, Mechanical Engineer of the Hogan Boiler Company, delivered a lecture on the Hogan Water Tube Boiler before a well attended meeting of Corliss Association, No. 49, National Association of Engineers, Saturday evening, at the rooms of the Association, the Assembly Rooms in this city.

Mr. Whitman was followed by President C. F. Catillaz, Chief Engineer at the Middletown State Homeopathic Hospital. Mr. Catillaz spoke as one practically as well as theoretically familiar with the Hogan Boiler, he having for a year and a half had charge of the Hogan Boiler installed at the Hospital. He dwelt at considerable length on the boiler's perfect combustion, its perfection of circulation, proven by the fact that it shows no evidences whatsoever of scale in the stationary tubes, or shells, after three years of constant use, and the further fact that in all this period no repairs had been called for. In the great essential quality of safety Mr. Catillaz spoke of the "Hogan" as being, in his judgment, absolutely non-explosive.

Both speakers were listened to throughout with closest attention by the intelligent body of engineers present.

SENT TO HUDSON REFORMATORY

TWO MORE ALBINOS TAKEN CARE OF.
FATHER IN PENITENTIARY, MOTHER IN JAIL
—OTHER CHILDREN IN THE HOME.

Dolly Ann Read, who will be sixteen years old in July, and her sister, Sophie, aged fourteen, were committed to the house of refuge for women at Hudson, this morning, by Recorder Barnes.

The girls are daughters of Henry Reed, an albino, who is serving a term of six months at Albany for assaulting his wife. The latter was sent to Goshen jail for sixty days, several weeks ago, for maintaining a disorderly house.

A young man, Josiah Beebe, is in Goshen jail awaiting the action of the Grand Jury upon a charge of criminal assault upon Dolly Ann Reed. Two younger children are now inmates of the Children's Home in this city.

The troubles of this family have been frequently aired in Police Court by the father and mother, entering counter charges of assault and non-support, and the story told in court several months ago led to an investigation, which resulted in the breaking up of the nest as above stated.

BRADLEY LOOKING AFTER CAPTAIN DICKEY'S INTERESTS.

The Hon. Thomas Bradley, of Walden, is at Washington trying to help Ben Odell secure the appointment of Capt. Dickey as Fourth Assistant Postmaster General. With the original Orange county McKinley man and Tom Platt's right bower at his back it would seem that the Captain ought to secure the appointment even if Mr. Platt had intended the plum for another.

The troubles of this family have been

frequently aired in Police Court by the father and mother, entering counter charges of assault and non-support, and the story told in court several months ago led to an investigation, which resulted in the breaking up of the nest as above stated.

OBITUARY.

Daniel Thompson.

Daniel Thompson, who when in his prime was one of Orange county's foremost citizens, a prominent figure in its political life and an important factor in its material development and progress, died in this city at 7:40 o'clock, last night.

—The immediate cause of death was the exhaustion due to old age. His death was not unexpected, for he had been failing rapidly of late.

—Mr. Thompson was born at Thompson Ridge, Oct. 8th, 1819. He was a son of Alexander and Hannah (Bell) Thompson, and was one of a family of nine children, of whom but one survives. John A. Thompson, Esq., of this city.

—He was married in 1850 to Mary E., daughter of the late Dr. George Hunter, of Searsville, who survives him, as do two children, Frank H., of Akron, O., and Anna, at home. A son, George A., died about four years ago.

—Mr. Thompson was a farmer, and a good one, and he made his farm, just above Thompson Ridge station, a model of neatness, thrift and productiveness. Early in life he began to take an interest in politics, and in 1852 and 1853 served the town of Crawford as Highway Commissioner. In 1852 he was elected Supervisor of his town and held the office for twenty-two consecutive terms. He was defeated in 1876 by a combination of Republicans and dissatisfied Democrats, but was re-elected in 1877 and continued a member of the Board until failing health made it necessary for him to retire from public life in 1881. Mr. Thompson was twice elected chairman of the Board of Supervisors, and during all his years of service was distinguished for his unwavering honesty and his fearless advocacy of what he believed to be right, while he always insisted on the strictest economy in the administration of the county's affairs, and never hesitated to denounce anything that he thought savored of extravagance, robbery or corruption.

—In 1862 he was appointed Major of the 31st Regiment, N. G. N. Y., of which D. C. Dusenberry, of this city, was colonel and held the office until the regiment was disbanded.

—When railroad from this city to the town of Crawford was projected in 1870, Thompson took a very active interest in the scheme and when the matter finally took shape and the Middletown and Crawford Railroad Co. was organized in 1871 he was elected president of the company, a position which he held until the control of the stock of the company was sold to Thomas C. Platt, in the interest of the Erie, in 1881.

—In the spring of 1875, after the old Midland Company had been forced to give up its lease of the road, Mr. Thompson was appointed superintendent of the road, and though he had had no previous experience in railroad management he administered its affairs so intelligently, prudently and economically that he brought the property safely through a grave crisis in its affairs and so developed its business that the Erie recognized its value as a feeder to the main line was anxious to secure control of it.

—In 1872 Mr. Thompson was appointed a trustee of the New York State Homeopathic Asylum for the Insane in this city and in 1875, when the Board was reorganized, he was re-appointed. He served on the building and farm committees and was a most useful and efficient member of the Board.

—Mr. Thompson was a man of very strong individuality and had the full courage of his convictions. He was a Democrat and never wavered in his devotion to his party and his constant effort was to elevate its standards, to keep it closely in touch with the people and to make it always stand for good, efficient and economical government.

—Funeral arrangements will be announced later.

THE DEATH OF GEORGE WAGNER

To Be Investigated by a Coroner's Jury.

Coroner Decker, Saturday afternoon, impaneled a jury, which viewed the body of George A. Wagner at Rockefellor's undertaking rooms. The inquest was then adjourned to 4 o'clock, this afternoon, when an official investigation into the death of Mr. Wagner will be commenced.

—The jury is composed of the following citizens: Capt. A. C. McIntyre, Foreman; R. G. Stiles, L. G. Wilson, W. H. Hyde, J. F. Dusenberry, J. F. Robinson, W. A. Marshall, G. M. Millspaugh, O. M. Terwilliger, W. H. Wood.

—Mrs. Edward H. Draper, of Prescott, Arizona, is expected to reach this city soon for a visit to her mother, Mrs. D. L. Taylor, and her brother, W. W. Taylor.

—Harry Lantfield, who fell on the ice on Highland avenue, Thursday, and broke his collar bone, was able to be out to-day.

—J. T. Hoyt, of James street, who has been confined to his house for six months, by general debility, is again able to be out on the streets.

—Stephen Gillespie, for ten years a patrolman of the Broadway squad, New York, was a guest of Recorder Barnes, yesterday afternoon.

—J. L. Stewart Jr., who is a topographer in the office of Superintendent Williams of the O. and W. Scranton Division, spent Sunday at his home in this city.

—Ex-Judge C. F. Brown, of Newburgh, will probably sail in April to join his family who are in Europe. He will not return until some time in August.

Stick to the Directions,
if you want to get the most good out of Pearline. Otherwise, you'll be putting in too much, and wasting the Pearline, and calling it expensive. Or you won't put in enough, and so you won't get as much help from it as you expected, and you'll have to do more work. Directions on every package for hot and cold water washing, with and without boiling. These simple, easy directions have revolutionized the work of washing.

COMMUNION IN THE CHURCHES
Large Congregations and Many Additions to Membership.

The regular quarterly communion services were held in most of the Protestant churches in this city, yesterday, and there were additions to the membership in all of them. The attendance at the services was unusually large.

At St. Paul's five persons were received on probation and nine by letter. The rite of baptism was administered to five candidates.

At the First Congregational Church five persons were received into membership by letter.

At the First Presbyterian Church three persons were received upon profession of faith.

At the Second Presbyterian Church two persons were received into membership on profession of faith and two by letter.

There were ten additions to the First Baptist Church, two on profession and eight on profession of faith. At this church in the evening the rite of baptism was administered to four candidates. The church was crowded, chairs being placed in the aisles, and still some were turned away. Fred A. Heath, the blind brother of the pastor, sang "I heard the voice of Jesus."

THE NEW HIGH SCHOOL BUILDING

The Cherubic Youths in Terra Cotta Which Adorn Its Front.

Part of the scaffolding was removed from the front of the new high school building, Saturday, and many citizens gazed, yesterday, at the upper portion of the finished facade. Their eyes all centred irresistibly on two terra cotta figures which stand one on either side of the ornate peak above the main entrance, and which is the architectural feature of that part of the building. The figures represent two cherubic youths in the altogether, bending over and holding out garlands of flowers. There is nothing severely scholastic about them. On the contrary they are a pair of very festive, not to say giddy, youths, and would seem to be more in place on a beer saloon, theatre or some place given over to very worldly amusements than on a building intended for school purposes, and therefore dedicated to the serious concerns of life.

If any of our readers think we are harsh in our criticism of these festive cherubs we beg of them to take a look at the festive cherubs themselves, and see how they cheapen and belittle the architectural effect of the fine front of the building and make it seem trifling and petty.

JUDGE HIRSCHBERG'S DIVORCE MILL

Mrs. Chardavoyne, of Westtown, Given a Decree—Liberal Allowances in the Cooling Case.

In Judge Hirschberg's court at Newburgh, Saturday, Elizabeth Chardavoyne, of Westtown, was granted an absolute divorce from Frank Chardavoyne, the hotel keeper at that place. The couple were married Jan. 27, 1883, and have five children, ranging in age from thirteen to three years.

In the case of W. H. Cooley of Liberty, against Nellie Louise Cooley, the wife's attorney asked for \$500 in counsel fee and \$250 for expenses. Mr. Cooley's counsel argued that the \$60 a month that the woman was receiving was sufficient, but Judge Hirschberg ordered that she be paid \$250 for counsel fee and \$150 in expenses.

A VERY WELL LIGHTED CITY.

What is Said of Middletown by Passengers on Evening Trains.

Strangers who pass through Middletown on the evening trains are very apt to speak of this as a well lighted city. Seen from the window of an Erie train as it rounds the curve below Goshen street, the city presents quite a brilliant appearance and justifies all that is said in its praise. The numerous lights are placed so high that they are much more in evidence than the nipa lights which they dispel. They have also many tons of their illuminating power. The electric light company is certainly giving the city a very satisfactory service.

THE M. C. H. C. IN MIDDLETOWN.

The church's meeting at the M. C. H. C. rooms yesterday afternoon was well attended and the services were of an interesting character.

An excellent lecture address was delivered by George C. T. Wickham. Prof. T. J. Dwyer of two selections in the gospel, which greatly pleased the audience. They were "Never My God to Thee" and "The Crimes of Old Troy."

According to the Standard of the Insurance Department of the State of New York

A WOMAN'S BODY.

What Its Neglect Leads to. Mrs. Chas. King's Experience.

A woman's body is the repository of the most delicate mechanism in the whole realm of creation, and yet most women will let it get out of order and keep out of order, just as if it were of no consequence. Their backs ache and heads throb and burn, they have wandering pains, now here and now there. They experience extreme lassitude, that don't-care and want-to-be-left-alone feeling, excitability, irritability, nervousness, sleeplessness and the blues, yet they will go about their work until they can scarcely stand on their poor swollen feet, and do nothing to help themselves.

These are the positive fore-runners of serious womb complications, and unless given immediate attention will result in untold misery, if not death.

Lydia E. Pinkham's Vegetable Compound will, beyond the question of a doubt, relieve all this trouble before it becomes serious, and it has cured many after their troubles had become chronic.

The Compound should be taken immediately upon the appearance of any of these symptoms above enumerated. It is a vegetable tonic which invigorates and stimulates the entire female organism, and will produce the same beneficial results in the case of any sick woman as it did with Mrs. Chas. King, 1815 Rosewood St., Philadelphia, Pa., whose letter we attach:

"I write these few lines, thanking you for restoring my health. For twelve years I suffered with pains impossible to describe. I had bearing-down feelings, backache, burning sensation in my stomach, chills, headache, and always had black specks before my eyes. I was afraid to stay alone, for I sometimes had four and five fainting spells a day. I had several doctors and tried many patent medicines. Two years ago I was so bad that I had to go to bed and have a trained nurse. Through her, I commenced to take Lydia E. Pinkham's Vegetable Compound, and I never had anything give me the relief that it has. I have taken eight bottles, and am now enjoying the best of health again. I can truthfully say it has cured me."

Where a Crosswalk is Needed.

Residents of Keapp avenue, who patronize the trolley cars, complain that there is no crosswalk at Wickham avenue and they are therefore compelled to alight at Lake avenue or West Main

street, or else wade through six inches of mud in order to reach the sidewalk. The Common Council, which meets to-night, should remedy this evil at once.

Sciatic Rheumatism Cured.

L. Wagner, wholesale druggist, Richmond, Va., says: "I had a fearful attack of sciatic rheumatism, was laid up almost two months; was fortunate enough to get Mystic Cure for Rheumatism. This cured me after doctors' prescriptions had failed to have any effect. I have also heard of fine results from others who have used it." J. E. Mills, Druggist, No. 2 Empire Block, North street, Middletown, N. Y.
